WORK EXPERIENCE

Freelance Brand and UI/UX Designer, Self-employed January 2012 to Present

- Delivered brand identities, logos, packaging, and websites for 50+ clients across MENA, Canada, the United States, and international English speaking markets, with most engagements converting into repeat or referral work.
- Built bilingual English and Arabic identity systems, including Arabic typography, RTL layouts, and print ready brand guidelines adopted as the standard across clients' print and digital touchpoints.
- Designed mobile app and web UI in Figma across 6+ product projects, shipping onboarding, booking flows, and provider profiles as reusable design systems handed off to development teams.
- Owned projects end to end, from discovery and concept through final files and client handoff, keeping revisions low by aligning on direction early in each brief.

Founder and E-commerce Brand Designer, Crazy Shop (online retail brand) December 2015 to Present

- Founded and have run a profitable online retail brand for 9+ years, owning the full brand system, e-commerce storefront, product graphics, and visual marketing end to end.
- Built the identity, packaging, and social content that carry one consistent brand experience across the store and its channels, driving repeat customers.

Graphic Designer, Studio Be June 2016 to November 2017

- Led design across branding, logos, posters, and image work for clients in the health and IT sectors at a digital marketing studio.

- Produced social media assets and campaign visuals from concept to delivery on recurring client accounts.

Graphic Designer, SocialCom-MENA July 2014 to October 2015

- Designed brand assets, social campaigns, and marketing materials for regional clients across the MENA market.
